

Operations Officer

Minimum requirements, per CAF policy, include all those listed for Unit Leader, plus a general or military aviation background. If the Unit has a CAF assigned aircraft it is recommended that he be a Commemorative Air Force rated pilot with a basic knowledge of CAF flight operations, including airshows and static displays, and the safety requirements and special considerations of each. He should also be well versed in the Aircraft Sponsorship Program. **Specific duties include authorizing all flights of Unit assigned aircraft, operation of ground equipment, verification of pilot and crew member currency in FAA and CAF ratings and status, serving as Chairman of the Unit Flight Evaluation Board, and assignment of pilot and crew members for Unit aircraft missions. He shall maintain communications with Headquarters through the Vice President of Safety/ Maintenance/Operations.**
