

# Veteran

I was a proud veteran  
That served my country well  
To those that would listen  
I had many stories to tell.

We fought for America's freedom  
In far away places on foreign land.  
Where ever the battle for democracy raged,  
America's finest made a stand.

We fought for your future  
And the right to remain free.  
For we saw what freedom meant  
To those not blessed with liberty.

For you and yours  
We would gladly have given our life.  
We faced the fears and perils of battle  
We braved endless turmoil and strife.

Please remember us veterans  
And the sacrifices we made for you.  
Please share the blessings of freedom.  
Proudly wave the red, white and blue.

### **“VETERANS LECTURESHIP”**

We welcome participation in this program by all public, private and home school students.

The Veterans Lectureship program is an hour long program designed to provide students the opportunity to experience living history from World War II and other military veterans from other wars and conflicts.

At present we are showcasing World War II Military Aviation.

We always start our program with the Pledge of Allegiance followed by an introduction of our veterans.

After a short video the students have the opportunity to ask questions of the veterans that are participating.

Then after the question and answer period there is a class break out where the students can spend time visiting one on one with these veterans and looking at the exhibits each man has on display.

If you would like to participate in the
