Bill Suchy

The 2016 Salute to Valor Speaker is Bill Suchy who wrote, produced and directed **Silver Wings / Flying Dreams: The Complete Story of the Women Air Force Service Pilots**. It is a feature documentary that tells the story of pioneering women, who for a brief moment in the darkest days of WWII, were able to shatter the glass ceiling and defy the convention that women had no place in the cockpit of a military aircraft. Surviving WASP relive their personal experiences and the challenges they faced while ferrying aircraft, flying as test pilots and towing targets for live anti-aircraft practice.

As a successful documentary film maker Mr. Suchy created, developed, wrote, produced and directed numerous internationally acclaimed documentary and nature programs. His documentaries include nature and wild-life programs such as the WNET - NATURE special *Cats*, one of the most watched programs in PBS history.
